	Global Water Summit 2023	

Dear Ms. Alice Laidlaw,

It was an honour for PDAM Surya Sembada Kota Surabaya to be invited to attend the Global Water Summit in Berlin, Germany, according to the letter you have sent on April 18, 2023.

With all our respect to the invitation, we do apologize that we would not be able to attend the event because the Board of Commissioner did not released the permit to participate the event. We wish we could participate in future events of IFC.

Thank you very much.

Yours Sincerely,
